## DETAILED ACTION

1. Claims 1-13, 17, and 18 are pending in this communication filed 11/20/06 entered as Response to Non-Final Action. Claims 1, 5, and 10 have been amended. The IDS filed 03/29/05 and 08/08/05 have been considered.
2. The 35 USC 112 second paragraph rejection from the previous Office Action of 08/01/06 has been overcome by Applicants' amendments to the claims and is hereby withdrawn. However, there are still remaining 35 USC 112 second paragraph rejection issues as set forth here below.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1, 5, and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 5, and 10 contain a clause of intended use in the independent claims which renders the claims indefinite. Specifically, claim 1 after the fourth claim limitation recites "wherein the one or more key values ...".

The Examiner considers these limitations to only recite what is expected to happen, a desired result, or an intended use. The MPEP discusses a type of limitation in reference to "wherein" clauses. MPEP § 2111.04 states:

Claim scope is not limited by claim language that suggests or makes optional but does not require steps to be performed, or by claim language that does not limit a claim to a particular structure. However, examples of claim language, although not exhaustive, that may raise a question as to the limiting effect of the language in a claim are:

- (A) "adapted to" or "adapted for" clauses;
- (B) "wherein" clauses; and
- (C ) "whereby" clauses.

Claims 5 and 10 have a similar problem with the "wherein" clause. If Applicants' want to use "wherein" in claim 1 a comma should be after "pointer" in the fourth claim limitation then start the "wherein" clause. The same applies to claims 5 and 10.

Claims 2-4, 6-9, 11-13, 17, and 18 are also rejected because they depend from a rejected base claim.

### ***Conclusion***

5. After these issues are resolved, the claims will be in condition for allowance providing no new art is found when an updated search is performed and there are no other remaining issues with the claims.
